JOT DOWN YOUR THOUGHTS:

Consider the artifacts and information you located at the museum. Jot down your thoughts in order to write the answers to the following questions on another sheet of paper.

- Why is the Great War recognized as the first global war?
- How does the museum represent WWI’s changing warfare?
- One museum label says “Total war meant mobilizing every available resource. All members of society, combatants and civilians, workers and volunteers, from the very young to the very old, were expected to serve in some way.” What evidence did you find that supports this idea?
- Will Rogers said about the Great War, “You can’t say civilization don’t advance, however, for every war they kill you in a new way.” Explain how this statement applies to WWI.
